### Our Services

In addition to selling fine-art prints of our own photographic work, we offer a range of digital services. Whether it's scanning your slides or negatives; scanning reflective materials such as photographic prints, paintings, other artwork, or documents; photo restoration and printing; or making high-quality prints from your digital files, we have the expertise and equipment to do the job right.

### Printing Services

A variety of printing services is available to meet your needs. We can convert and optimize your raw format files for printing, or print the JPEG files produced by your camera, phone, or tablet. We can review an image with you online or in person, optimize and print it accordingly, and supply the final adjusted files on CD or DVD or via the Internet. If you prefer to optimize and soft-proof your own image files we will provide our printer profiles for this purpose. Our *custom services* can accommodate non-standard sizes and other special requirements. We will be happy to work with you and provide a quote for custom work.

### Print Pricing Guidelines

Giclée printing on semi-gloss or luster paper, printed with an Epson® Stylus® Pro 7900 large format printer.

Paper Size <sup>1</sup>	First Print	Additional Prints <sup>2</sup>
8½x11	\$12	\$10
11x17	\$17	\$14
13x19	\$24	\$19
17x22	\$33	\$28
20x24	\$42	\$36
20x30	\$52	\$46
24x30	\$60	\$50
24x36	\$72	\$60

Minimum printing order is \$20. Prices listed above are for printing your already optimized files. Prices do not include any Photoshop work done by us. Photoshop work is calculated using a rate of \$40 per hour. The cost of image optimization from RAW files is typically between \$40 and \$70. If we provide optimized Photoshop files on CD or DVD there is a \$5.00 charge for each disc we provide.

<sup>1</sup> Other paper sizes and types are available. Prices for different papers and sizes will vary. Contact us for details.

<sup>2</sup> Additional prints of the same size, of the same image, ordered at the same time only. Any later printing of the same image is considered a new order.

Shipping and handling (U.S. locations only): \$13.50. For locations outside the U.S., please contact us. Prints larger than 13 x 19 inches are shipped rolled in a heavy 3" diameter mailing tube. Other sizes are shipped flat.

### **Scanning Services**

We use our Nikon® Coolscan® V-ED scanner to scan your 35mm slides or negatives to high-resolution<sup>3</sup> .tif files. Prices below assume slides are mounted and mounts are in good condition, or negatives are in strips of at least three. Damaged or unmounted slides and negatives cut from strips require special handling. We will quote after inspecting the film. We can scan larger 2 ¼ inch and 4x5 inch films and opaque items such as prints, small paintings, and other documents at up to 3200dpi on our Epson Perfection® V850 Pro flatbed scanner. Files are provided on discs or via the Internet.

### **Film (positive or negative transparency) Scan Pricing**

35mm slides (2 x 2 inch mounts or negative strips)	\$5.00 each
2¼ inch (not mounted)	\$10.00 each
4 x 5 inch	\$20.00 each

For large quantities contact us; we will provide a quote.

There is a \$5.00 charge for each disc (CD or DVD) we provide.<sup>4</sup>

Prices listed above are for scanning only. Minimum scan order is \$10.00, not including media (CD or DVD). Prices do not include cleaning your film or any Photoshop work done by us. Photoshop work is calculated using a rate of \$40 per hour.

<sup>3</sup> We can scan 35mm slides and negatives at resolutions up to 4000 dpi; resulting files can be quite large. Lower resolutions are available. We can recommend an appropriate scan resolution to meet your needs.

<sup>4</sup> The number of scans that will fit on a CD or DVD depends on the resolution of the scans.

### **Reflective Media (Prints) Scan Pricing**

Up to letter size (8½x11): \$5.50 each scan<sup>5</sup>

There is a \$5.00 charge for each disc (CD or DVD) we provide.<sup>6</sup>

Price listed above is for scanning only. Minimum scan order is \$10.00, not including media (CD or DVD). Price does not include cleaning your item or any Photoshop work done by us. Photoshop work is calculated using a rate of \$40 per hour.

<sup>5</sup> A "scan" includes as many items as will fit on the 8½x11 inch glass of the scanner. This may be a single item or a number of smaller items. A scan is saved as a single file. If you prefer a separate file for each item regardless of size, each item is considered a scan.

<sup>6</sup> The number of scans that will fit on a CD or DVD depends on the resolution of the scans. We can help determine the best resolution to meet your needs.

### **Note:**

We comply with U.S. copyright law. You must confirm you own the rights to any photographs or other images or documents you provide to us for printing, scanning, or other work. Any material (of any media, including photographic prints or film, other artwork, or documents) not owned by you must be accompanied by a signed and dated release from the copyright owner stating you have rights to reproduce the media.
